# UNOVERSE GLOBAL FOOTPRINT

# USA - THE BIRTH PLACE OF UNOVERSE

- UNO launched in the US market with its pod system - Skol Pod.
- In just a few years, UNO secured the #1 spot with UNO Metallic & UNO Bar.
- The UNOVERSE brand is heavily inspired with insights & ideas that come from the melting pot of US lifestyle & culture.
- Looking ahead, we aim to continue our market dominance with new and exciting UNO products and upgrades.

# UNOVERSE - ARRIVES IN UK

- UNO took the UK market by storm with its innovative TPD approved 600 puff disposable vape - UNO NOX.
- Following Nox's tremendous success, UNO took 4K OMG across the pond.
- UNOVERSE is currently gearing up to roll out two new products within the year, TPD approved Echo 600 Puff & Charge OMG 5000 puffs.
- UNO's success in the UK is courtesy of its handpicked, seasoned sales team, which commands a strong presence in the wholesale & retail market.
- A dedicated local marketing team generating especially tailored campaigns for UNOVERSE has helped the brand exponentially.

# UNOVERSE - IN PAKISTAN

- UNO entered Pakistan back in mid 2017 with UNO Metallic & UNO Bars.
- With the launch of UNO Mas, we grew to secure the top spot within the market.
- Recent introduction of UNO 4K, UNO Nox & UNO Eclipse has been a roaring success.
- Assessing this market response and its potential to grow, UNOVERSE has plans to bring more of its international products to Pakistan.

# VAPORTECH - R&D & MANUFACTURING

## WING / DIVISION / BRANCH / PARTNER

- As an ISO 9001 certified, state-of-the-art fully automated facility, VaporTech offers UNOVERSE a giant home-court advantage.
- Being part of the UNOVERSE conglomerate, VaporTech supports UNO throughout the entire process from research & development to product completion.

# VAPORTECH X UNOVERSE

- VaporTech offers a seamless, undisrupted supply chain, which is critical in our industry to be market leaders.
- Every UNO product undergoes a stringent quality assurance process.
- A closed loop production protocol such as ours minimizes the risk of intellectual property theft & possible counterfeits.
- Dedicated production units from VaporTech ensure UNOVERSE always achieves its needed product manufacturing volume.

# GERMANY & THE EU TOUCHDOWN 2023

- UNO NOX, with approved UFI certification, is set to launch in Germany with plans to expand within the EU this year.

# SHOWS AND EVENTS

# THE UNO EFFECT

- UNOVERSE partakes in various events and shows around the globe annually.
- Motivation to do so, is to give our full support to our strategic & regional partners.
- UNOVERSE's presence, its brand clout and on-ground activation augments our partner's visibility & market footprint resulting in business opportunities & customers.

# UNOVERSE IS EXPANDING

- UNO as a brand resonates with its customers, and is becoming a staple in the vaping community.
- Ease of use & affordability are UNO's biggest positives for customer attraction.
- Each UNO product is made/checked with high standards & strict quality control.
- Our anti-counterfeit & authentication processes allow peace of mind to the customer.
- UNO offers an impressive array of flavors, catering to a wide customer palette.
- UNO has a very robust social presence and an extremely proactive global sales division.

# THE UNOVERSE PROMISE

UNO is determined to expand the vape horizon with new & innovative products for eons to come.
